Traditional Witches' Formulary and Potion-Making Guide Sophia diGregorio, 2012-12-27 Increase the power of your spells and rituals with these powerful potions from a variety of Western Traditions, including hard-to-find classic formulas with references to their origins provided wherever possible. This book is more than just a collection of over 300 formulas, but a guide to using beneficial astrological timing, incantations and other methods to super-charge your potions. It is an excellent reference for augmenting potions, making substitutions for ingredients or creating your own formulas for a wide variety of purposes. All of the formulas given here employ natural ingredients with the exception of old traditional potions from past centuries and those that call for food dyes as colorants. The author has, also, tried to choose ingredients or suggest substitutions in such cases that are safer and may be readily obtained. Why make your own potions when you can buy them off the shelf ready-made? When you purchase a ready-made potion, you have no way of knowing what's in it or under what conditions it was. On the other hand, you have a distinct advantage when you make your own formulas because you can ensure that they are made properly and you can customize them to your or your client's specific needs. Furthermore, many of the powerful formulas in this book cannot be found anywhere else. A long list of herbs and their attributes is provided so you can ensure that your potion has the most suitable ingredients for your particular purpose.

A Russian Diary Anna Politkovskaya, 2009-04-23 Anna Politkovskaya, one of Russia’s most fearless journalists, was gunned down in a contract killing in Moscow in the fall of 2006. Just before her death, Politkovskaya completed this searing, intimate record of life in Russia from the parliamentary elections of December 2003 to the grim summer of 2005, when the nation was still reeling from the horrors of the Beslan school siege. In *A Russian Diary*, Politkovskaya dares to tell the truth about the devastation of Russia under Vladimir Putin—a truth all the more urgent since her tragic death. Writing with unflinching clarity, Politkovskaya depicts a society strangled by cynicism and corruption. As the Russian elections draw near, Politkovskaya describes how Putin neutralizes or jails his opponents, muzzles the press, shamelessly lies to the public—and then secures a sham landslide that plunges the populace into mass depression. In Moscow, oligarchs blow thousands of rubles on nights of partying while Russian soldiers freeze to death. Terrorist attacks become almost commonplace events. Basic freedoms dwindle daily. And then, in September 2004, armed terrorists take more than twelve hundred hostages in the Beslan school, and a different kind of madness descends. In prose incandescent with outrage, Politkovskaya captures both the horror and the absurdity of life in Putin’s Russia: She fearlessly interviews a deranged Chechen warlord in his fortified lair. She records the numb grief of a mother who lost a child in the Beslan siege and yet clings to the delusion that her son will return home someday. The staggering ostentation of the new rich, the glimmer of hope that comes with the organization of the Party of Soldiers’ Mothers, the mounting police brutality, the fathomless public apathy—all are woven into Politkovskaya’s devastating portrait of Russia today. “If anybody thinks they can take comfort from the ‘optimistic’ forecast, let them do so,” Politkovskaya writes. “It is certainly the easier way, but it is also a death sentence for our grandchildren.” *A Russian Diary* is testament to Politkovskaya’s ferocious refusal to take the easier way—and the terrible price she paid for it. It is a brilliant, uncompromising exposé of a deteriorating society by one of the world’s bravest writers. Praise for Anna Politkovskaya “Anna Politkovskaya defined the human conscience. Her relentless pursuit of the truth in the face of danger and darkness testifies to her distinguished place in journalism—and humanity. This book deserves to be widely read.” —Christiane Amanpour, chief international correspondent, CNN “Like all great investigative reporters, Anna Politkovskaya brought forward human truths that rewrote the official story. We will continue to read her, and learn from her, for years.”

-Salman Rushdie "Suppression of freedom of speech, of expression, reaches its savage ultimate in the murder of a writer. Anna Politkovskaya refused to lie, in her work; her murder is a ghastly act, and an attack on world literature." -Nadine Gordimer "Beyond mourning her, it would be more seemly to remember her by taking note of what she wrote." -James Meek

Magic Potions and Elixirs - Recipes and Spells for Kids in Magic Training Catherine Fet,2020-10-16 If your kid is mixing magic potions in the kitchen sink and they make all the dish soap mysteriously disappear, maybe he/she is ready for a real textbook on the art of potions and elixirs from a longtime professor at one of the best magic schools in Middle Earth. I wrote this book for my course at the North Landing Academy of Magic Arts, and it's been recommended for kids ages 7-12 at-home magic training. These potions and spells are not based on any witchcraft, New Age, or esoteric religion lore or rituals. This book is fantasy-fiction-style educational activity material for the young fans of Harry Potter, Descendants, and other books and films of the magic fantasy genre. It helps kids - engage in fantasy play where they are the main character; - develop their independent reading habit and grow reading fluency with an easy, 1st-2nd grade core vocabulary (about reading level 4) - learn to organize and plan their own activities in advance by collecting and preparing potion ingredients (such as drying flowers, or orange peel, or collecting rocks). The potion recipes and magic spells in this book use only safe everyday objects and substances you have at home or outside (like twigs, rocks, milk, sugar, salt, leaves, etc.), or common fruits and vegetables, like cucumber, apple, or orange. Absolutely no use of fire, household chemicals, or any items you can't purchase at a local grocery. In this course we create potions which are not drinks: You sprinkle them around the house or outside. The only exceptions are a couple recipes from the Kitchen Magic genre (for example, fresh cucumber and basil enchanted water). Along with magic, we'll learn a few facts of history and science, such as: What is the oldest tree in the world? Who invented glass windows, and what were windows like before glass? What is the Archimedes Principle? Why don't big heavy ships sink? What do salad and salary have in common? What is the meaning of Mon in Monday, Tues in Tuesday, Wednes in Wednesday, and so on? Who invented paper, and what did people write on before paper? What is the origin of the words 'paper, ' 'book' and 'library'? What is the alchemical symbol for salt? Where do cinnamon and cloves come from? What is the Ogham alphabet? Who caught the Midgard Serpent? ...And more! I will also address the two questions my Magic Academy students ask me most often: 'Are love potions real?' and 'Are fairies real?' I'd like to warn you, that at the risk of disappointing your

child, I have to be honest answering these questions, since this is a school textbook, not a fantasy fiction novel like Harry Potter.

A Recipe for Magic Potion Jack Henseleit, 2024-04-03 A powerfully delightful picture book about childhood play and the enduring magic of our natural world. To make a magic potion, you will need these things: A friend (or two or three) A bucket or a pot Or a hole And - ingredients. This dazzling story may seem like a set of instructions on how to brew a magic potion, the ingredients of which are familiar - mud, a leaf, some sand. But as the story unfolds, two children let their imaginations run wild as they take the reader on a glorious, lyrical journey outside.
